Adoption of BMC Balwadis through CSR Initiatives.

INTRODUCTION

Bhavyata Foundation is a non-profit institution that takes on projects involving social development, livelihoods and holistic education from initiation to conclusion. Our impact oriented focus is the empowerment of the urban underprivileged and upliftment of rural masses.

BALVATIKA

Under the flagship of Lessons for Life initiative, which focuses on experiential education, Bhavyata Foundation has taken up the operations of 37 preschool classes in 21 Schools from the Brihanmumbai Municipal Corporation since September 2018. We have embarked on increasing the productivity at the Balwadi by convergence of nutrition, curiosity driven learning and experiential tools for toddlers from age 3-6 years
