Donation Of Toy Box

Every child deserves toys and books as learning aids for education and their development. Toys, games, and books help children learn alphabets and numbers. Puzzles, card games, and riddles help children develop their brains. Poor children are no different from their privileged peers. Let's bridge the disparity by making your small contribution to help these toddlers at BMC Mumbai Preschools, where they receive free education. Also, building a classroom library is critical for improving reading performance and instilling a lifelong love of learning in young readers.
