IN SUMMARY

In June, the Bhavyata Foundation supported feeding for livestock in Igatpuri during the extreme summer, fulfilling our commitment to community welfare. Our "2 Adopt an Anganwadi" projects in Ghatkopar West are completed, creating a learning-enabled environment for underprivileged children. Concurrently, The Foundation continues to impact rural Maharashtra(Palghar District) and urban Mumbai communities in early childhood education, impacting more than **268 children every year** through adopted Anganwadis.

Furthermore, the foundation actively provides access to quality education for **1460 underprivileged preschool children** in BMC schools in Mumbai.

SAMVARDHAN

Breed Preservation

In alignment with the sustainability principle, our goal is to guide villages toward economic self-sufficiency through agriculture & cottage industry, providing training in organic farming, breed preservation & the principles of good governance. Bhavyata Foundation is dedicated to reinforcing breed preservation for the betterment of India's dairy industry.

DANGI BREEDS SURVIVAL

SAMVARDHAN, through its 'Sowing the Seeds' initiative, aids gopalaks in preserving indigenous breeds amid challenges posed by limited grazing pastures and inadequate feed resources.

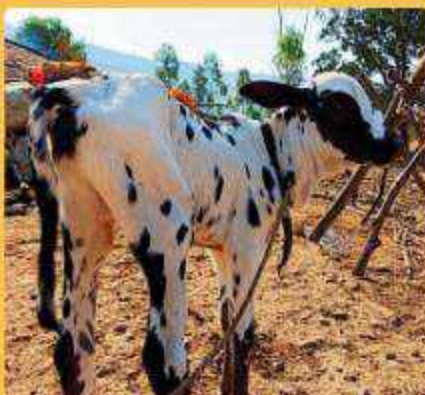

FEED DISTRIBUTION

Amidst the scorching summer heat and scarce resources, we've stepped in to support cows in need by distributing 0.8 tons of dry nutritional fodder.

GOPALAKS SUPPORTED

8 Gopalaks and 280 bovines benefitted, resulting in increased milk production after consuming nutritional feed. The Gopalaks then process the milk into condensed form sold in the marketplace, providing livelihoods.

ADOPT ANGANWADI

Empowering Preschool Education

The inauguration of the Anganwadi at **Hind Maratha SRA in Ghatkopar** was celebrated with a warm welcome for guests from the Sponsors: **Rotary Club of Ghatkopar, Mumbai**, following Indian traditions. The ceremony began with **Saraswati Vandana** and **Deep Prajvalan**. Vice President Samira Shah introduced the guests, including **Mr. Navin Modi** and **Mr. Mithesh Gala** from the Rotary Club of Ghatkopar, Mumbai, and **Mr. Kulin Maniar**, Founder of Bhavyata Foundation. The event concluded with snacks distributed to students and guests graciously gifting toys.

Green Day celebrations at MPS schools

At this tender and critical stage of development, our little ones are learning the importance of appreciating and preserving our green cover. Through fun activities like dressing up, arts and crafts, sowing saplings, and watering plants, they're developing a deep sensitivity to nature and its wonders.

These hands-on experiences are not just about having fun they're about fostering a lifelong love for the environment. Let's nurture their curiosity and commitment to a greener, brighter future!

SCHOOL OF SUSTENANCE

SHRIVAN WADI PROJECT

The Shrivani Wadi Project, an initiative under the School of Sustenance, aims to enhance the livelihoods of tribal families in Wada Taluk, Palghar District, through sustainable agricultural practices. **This project introduces a blend of horticulture and floriculture by providing 300 Jasmine, 60 Mango, and 40 Cashew saplings to be planted on 0.5 acres of the farmers' land.**

The introduction of jasmine cultivation is particularly beneficial. After six months, **farmers can expect an average daily income of Rs. 300 from jasmine flowers.** Over time, this income is projected to **increase to Rs. 500-600 per day after four years,** providing a significant economic uplift. The inclusion of mango and cashew trees will further diversify income sources and contribute to long-term sustainability. This initiative not only aims to reduce migration but also enhances the economic stability and well-being of the participating families.

SCHOOL OF SUSTENANCE

SHRIVAN WADI PROJECT

In Wada Taluk, Palghar District, tribals face economic hardships due to reliance on seasonal farming and low-paying daily wage labor in construction and other industries, leading to meager incomes and forced migration. **The Shrivan Wadi project addresses these issues by providing dignified labor, reducing migration, and offering sustainable livelihoods** through improved agricultural practices. A June 2024 survey identified key areas and resources for monsoon plantations, with generous donor support aimed at enhancing farmer families' stability and reducing migration.

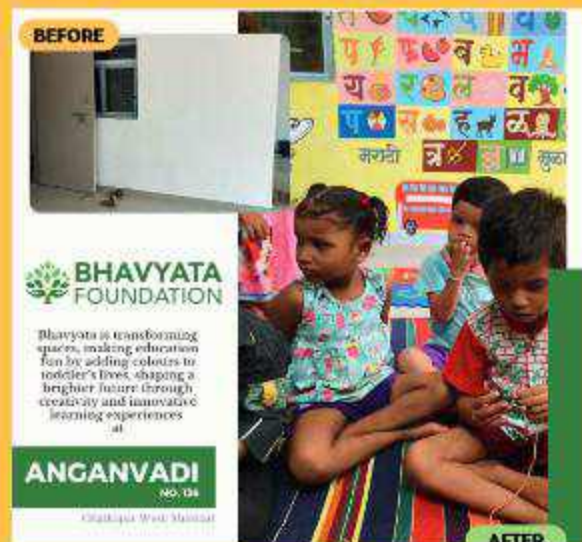

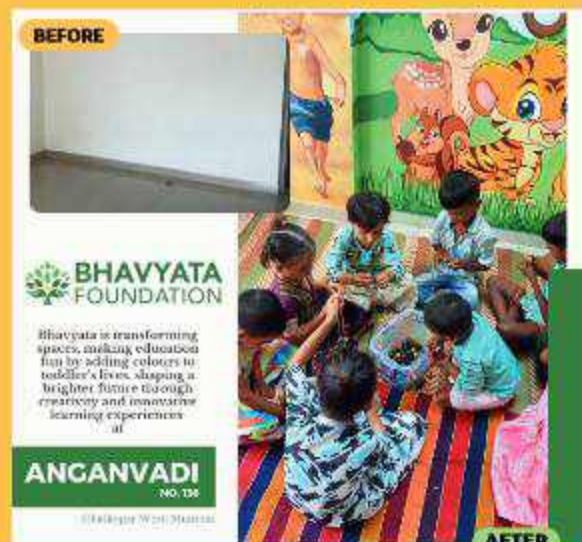

INTERNS WORK

Interns from UPES, Dehradun, and Atlas University, Mumbai, dedicated their vacation to social causes at Bhavyata Foundation

Neha, Nandini, Anshika, and Tvesha focused on creating social media content, while Sherlin and Hanskumar were involved in graphics designing. Purva specialized in video and photography, and Sharanya coordinated the team. The interns contributed by creating educational materials like worksheets for preschool children, storybooks, and flashcards. They also enhanced the foundation's online presence through social media reports and posts.

Additionally, some interns documented the Anganwadi inauguration event, capturing it through photography. Their efforts were vital in promoting and supporting the foundation's activities.
