SEEDS TO SAPLINGS

Climate change's dire and fatal effects are now evident to the world. It is a matter of grave concern and a call of the eleventh hour to take action before things get out of hand.

NURTURE NATURE

Moringa saplings offer a sustainable livelihood opportunity by providing a versatile and valuable resource for nutrition, health, and income generation.

OUR GOAL

Our goal is to nourish the earth and provide economic opportunities for rural communities. The anticipation is over, and we invite you to join our Campaign to plant 1000 moringa saplings!

LIVELIHOODS FOR FARMERS

In this campaign, we facilitate the procurement of commercially viable plantations for communities, which shall also play the role of caretakers of nature.

PRESCHOOL EDUCATION AT BMC SCHOOLS

Preparatory Phase for Anganwadis

We're thrilled to announce that Bhavyata Foundation, in partnership with the Women and Child Welfare Department, Government of Maharashtra, has adopted the Anganwadi (preschool) across Maharashtra. Infrastructure needs like electricity, water, ambience, learning environment and learning aids can help a long way fulfilling the learner's dream.

As a first step towards the transformative journey, we brought an electricity connection to the Vakalvadi (Karjat) Anganwadi first time in 25years! The gratitude expressed by the dedicated teachers were truly heart warming.

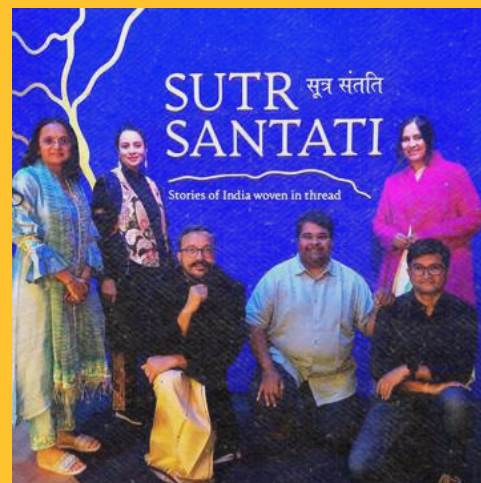

With this step, a digital framework with a Computer Screen and A LMS(Learning Management System) replete with learning activities, interactive platform and teacher friendly program is due for implementation.

SUTR SANTATI: THEN_NOW_NEXT
