At A Glance

On **July 25**, **Bhavyata Foundation** extended its support to **livestock feeding** in **Igatpuri** during the Monsoon season, reinforcing our commitment to community welfare. Our **"Adopt an Anganwadi" project in Ghatkopar West** has been completed, creating a nurturing, learning-enabled environment for underprivileged children.

Simultaneously, we continue to create meaningful impact in rural Maharashtra (Palghar District) and urban Mumbai by **strengthening early childhood education**. Through our **adopted Anganwadis**, we reach over **300 children annually**. Additionally, the Foundation ensures access to quality preschool education for 1,583 underprivileged children across BMC schools in Mumbai.

Our ongoing **environmental initiative, Project Vidyavan, in Kalina** has led to the plantation of **over 5,000 native trees**, supporting ecological restoration. We are also proud to witness growing participation from interns across diverse academic fields, who are contributing actively to our grassroots initiatives.

Planted

Samvardhan is an initiative focused on the preservation and promotion of indigenous bovine breeds, suited to specific agroclimatic zones, to ensure the sustainability of local agriculture and dairy-based livelihoods.

DANGI BREEDS SURVIVAL

SAMVARDHAN, through its 'Sowing the Seeds' initiative, aids gopalaks in preserving indigenous breeds amid challenges posed by limited grazing pastures and inadequate feed resources.

FEED DISTRIBUTION

Amidst the scorching summer heat and scarce resources, we've stepped in to support cows in need by distributing 0.8 tons of dry nutritional fodder.

GOPALAKS SUPPORTED

10 Gopalaks and 260 bovines benefitted, resulting in increased milk production after consuming nutritional feed. The Gopalaks then process the milk into condensed form sold in the marketplace, providing livelihoods.

MAA - Mata Arogya Abhiyaan

Kamraj Nagar, Ghatkopar, Mumbai

Project Mata Arogya Abhiyan (MAA) is a key initiative by **Bhavyata Foundation** to support the **health and well-being of pregnant women** in India. It provides **essential care, education, and nutrition** to ensure safe pregnancies and healthy births.

Garbh Sanskar counselling session focusing on **pregnancy meditation** to ensure **calmness, mental wellness**, and a nurturing environment for the unborn child.

In **July 2025**, **Bhavyata Foundation** conducted a **maternal health session** at **Kamraj Nagar**, featuring **Garbh Sanskar** insights, **yoga, meditation**, and **grocery** distribution to support pregnant women's health and well-being.

14 Expectant Mothers

Distributed grocery kits containing essential items:

- | | |
|-----------------------|------------------------|
| 1. 1KG Wheat Flour | 5. 200gm Badam |

RAINCOAT DISTRIBUTION IN ANGANWADIS

Raincoats were distributed to children at the Anganwadi centers in Ghatkopar's Kamraj Nagar and Bhapad Wada, Palghar, generously donated by the Reliance Foundation. This initiative, supported by ConnectFor, aimed to protect young learners from the monsoon rains and ensure their regular attendance. We extend our heartfelt gratitude to Reliance Foundation and ConnectFor for their thoughtful contribution towards the well-being of these children.

INAUGURATION OF SHREE KRUSHNA SRA ANGANWADI NO.155

On 11th July 2025, the Anganwadi at Shree Krushna Bhatwadi, adopted by **General Atlantic**, was inaugurated with great enthusiasm. The event commenced with an introduction to the Anganwadi, followed by the traditional Deep Prajvalan and Saraswati Vandana. Ms. Samira Shah, Vice President of Bhavyata Foundation, warmly welcomed the gathering and expressed heartfelt gratitude to Mr. Manoj Purohit and Team from General Atlantic for their support and commitment. As part of the celebration, the General Atlantic team distributed raincoats and crayon kits to the Anganwadi children, adding joy and excitement to the occasion.

LESSONS FOR LIFE

Preschool Education at Balwadi and Mumbai Public schools

Bhavyata Foundation champions the **belief that education starts with curiosity**, which emerges from infancy. Their **Early Childhood Education initiative, AARAMBH, is dedicated to establishing a robust educational foundation** at the right time. Utilising play-based and panch kosh-based child development models outlined in the **NEP 2020 by the Education Ministry of India**.

OUR GOAL

The goal of early childhood teaching is to foster holistic development—cognitive, emotional, social, and physical—through age-appropriate, play-based learning that builds curiosity, life skills, and strong learning habits.

OVERALL DEVELOPMENT

Early childhood education focuses on the overall development of the child by nurturing all five aspects of the Panchkosh—physical, vital, emotional, intellectual, and spiritual—through NEP 2020-aligned, play-based and culturally rooted pedagogy.

INNOVATION AT TEACHING

We implement NEP 2020 pedagogy through “Let’s Hear & Speak,” “Let’s Create,” “Let’s Appreciate,” “Let’s Explore,” and “Let’s Weave Wonders”—fostering joyful, holistic learning and complete development.

Cognitive Skills

Early childhood education in schools emphasizes numeral literacy, laying the foundation for mathematical understanding and proficiency in young learners.

Language

Early childhood education in schools aligns with NEP 2020 by incorporating local languages and fostering cultural preservation and linguistic diversity.

Critical Thinking

Early childhood education prioritizes critical thinking and cognitive skill development, nurturing well-rounded children capable of independent and analytical thought processes.

Fine Motor & Gross Motor Skills

Early childhood education focuses on enhancing fine and gross motor skills, fostering physical dexterity and coordination crucial for overall child development.

Safety, Hygiene & Social Skills

Early childhood education instils character, behaviour, hygiene, and social skills, nurturing well-rounded individuals prepared for personal and social success.

LESSONS FOR LIFE

Preschool Education at Balwadi and Mumbai Public schools

In July 2025, our preschool program commenced with a new allotment of 50 schools received from MCGM. Bhavyata Foundation has been actively supporting each school by providing essential learning aids, cleaning materials, and conducting training sessions for teachers and helpers. Additionally, we have implemented the NEP 2020 guidelines to ensure quality education and holistic development for the children.

Shrivan Wadi Project

**Location: Taluk Wada, Dist.
Palghar. Maharashtra**

The School of Sustenance is one of the six initiatives of the Bhavyata Foundation, promoting and propagating the principles of wellness, sustainability, and empowering livelihoods. Our Shrivan Wadi project aims to establish four orchards in Wada Taluk of Palghar District, transforming the lives of tribal families who rely on seasonal farming and daily wage labour.

Farmers: Manik Mhasara, Jagan Mhasara and Manoj Kadu

Farmers **Manik Mhasara, Jagan Mhasara, and Manoj Kadu** from Shrivan Wadi practice sustainable farming. These **tribal farmer** from Wada, **supports his family through seasonal crops and labor work for his children's education**. Together, they grow jasmine, mango, and cashew with proper irrigation and pest control, ensuring healthy crops and future yields.

Progress for July 25

With **generous support**, farmers **Manik Mhasara, Jagan Mhasara, and Manoj Kadu** from Shrivan Wadi demonstrated encouraging **progress in July 2025**. The **jasmine plants are blooming beautifully, while mango and cashew saplings continue to grow steadily**. Timely irrigation, regular maintenance, and effective pest management have ensured healthy plant development, paving the way for a promising and productive yield in the future.

The School of Sustenance is one of the six initiatives of the Bhavyata Foundation, promoting and propagating the principles of wellness, sustainability, and empowering livelihoods. Our Shrivan Wadi project aims to establish **four orchards in Wada Taluk** of Palghar District, transforming the lives of tribal families who rely on seasonal farming and daily wage labour.

Farmers: Devram Vatas, Kamlakar Phuphane and Balu Ghatal

Farmers Devram Vatas, Kamlakar Phuphane and Balu Ghatal from Shrivan Wadi practice sustainable farming. These tribal farmer from Wada supports his family through seasonal crops and labor work for his children's education.

Together, they grow jasmine, mango, and cashew with proper irrigation and pest control, ensuring healthy crops and future yields.

Progress for July 25

With generous support, farmers Devram Vatas, Kamlakar Phuphae and Balu Ghatal from Shrivan Wadi demonstrated encouraging progress in July 2025. The jasmine plants are blooming beautifully, while mango and cashew saplings continue to grow steadily. Timely irrigation, regular maintenance, and effective pest management have ensured healthy plant development, paving the way for a promising and productive yield in the future.

Shrivan Wadi Project

📍 Location: Wada taluk, Palghar

Farmers: Ashok Shende, Somnath Shende, Sunita Bhoys and Sainath Komb

Farmers Ashok Shende, Somnath Shende and Sunita Bhoys from Topale Pada, along with Sainath Komb from Dabhon, practice sustainable farming methods to ensure long-term productivity and environmental balance. **With 3-4 acres of land, they cultivate rice, mogra, and lemon, selling their produce in the local market to support their family income and fund their children's education.**

Progress for July 25

Farmers Ashok Shende, Somnath Shende and Sunita Bhoys from Topale Pada, along with Sainath Komb from Dabhon, practice sustainable farming methods to ensure long-term productivity and environmental balance. **On 13 July 2025, they were provided with 300 jasmine saplings, 50 Kesar mango saplings, 30 cashew saplings, 10 guava saplings, and 10 lemon saplings to enhance their cultivation and promote diversified farming.**

Shrivan Wadi Project

📍 Location: Wada taluk, Palghar

Farmers: Dnyaneshwar Supta, Laxmi Mahakal, Ramchandra Mahakal and Ravindra Mhaskar

Farmers Dnyaneshwar Supta, Laxmi Mahakal, Ramchandra Mahakal, and Ravindra Mhaskar practice sustainable farming to promote long-term productivity and environmental balance. These tribal farmer from Wada supports their family by cultivating seasonal crops and engaging in labour work to provide for their children's education. Together, they cultivate jasmine, mango, and cashew using proper irrigation and pest control techniques, ensuring healthy harvests and sustainable future yields.

Progress for July 25

Farmers Dnyaneshwar Supta, Laxmi Mahakal, Ramchandra Mahakal, and Ravindra Mhaskar practice sustainable farming methods to ensure long-term productivity and environmental balance. On 13 July 2025, they received 300 jasmine saplings, 50 Kesar mango saplings, 30 cashew saplings, 10 guava saplings, and 10 lemon saplings to strengthen their cultivation practices and promote diversified farming for improved livelihoods.

Vidyavan Project

 Kalina Mumbai University

In **July**, the **Miyawaki forest at Kalina University** continued to thrive, with saplings now **reaching up to 5 feet**, some **beginning to flower**, and displaying strong, disease-free growth. Due to the recent rainfall, the forest **looks especially refreshing and vibrant**. Out of **5,000 saplings**, **weed control measures and mulching have proven effective**, and the drip irrigation system is functioning well, supporting steady ecological development and biodiversity enhancement.
