Donate Toys For - 21 Preschools

Toys, games, and books help children learn alphabets and numbers. Puzzles, card games, and riddles help children develop their brains. Currently, all schools have very few or no toys to aid their learning experience. Let's bridge the disparity by making your contribution to help these 1500 Children toddlers at BMC Mumbai Preschools, where they receive free education. Each class gets 20 sets of toys so that all 40 students can make use of them simultaneously in free play time. Make your donation now.
